

TANZANIA

Village Service and Safari

Rustic Pathways[®]
GROUP TRAVEL

Immerse yourself in village life on this one-week service program in northern Tanzania, near Mt. Kilimanjaro. Help transform a primary school into a more effective environment and get a firsthand introduction to Tanzanian culture. Partner with the community to complete important school construction projects and increase students' confidence in English and life skills by engaging them in activities. Live comfortably in a cozy village guesthouse, take in the spectacular scenery during a hike to a nearby waterfall, and try your hands at pottery after a demo from local craftswomen. Finally, finish off the trip with a two-day safari at the Ngorongoro Crater!

Don't miss out on this once-in-a-lifetime opportunity. Sign up today by visiting the website below!
