

# 8th Grade Ecuador Trip - Summer 2017

## June 16-26, 2017

Explore Ecuador! D-E Students currently in Grade 8 can expect a range of activities as they explore the Andean countryside, Cotopaxi Volcano National Park, the tropical cloud forest, and colonial Quito.

- Explore the volcanic landscape of the Andes! Students will see for themselves how our planet was shaped geologically, while the diverse ecosystems that we will visit inspire careful observation of the natural world.
- Experience and study the unique blend of the pre-Columbian and European influence of Ecuador as the students visit the city and the countryside. Ecuador is a country rich with history and remarkable for its indigenous people, culture, art, and traditions. Students will be travelers, not tourists, in environments far different from home.

*An adventure awaits!*

To download the D-E International Trip application form, visit [de360.d-e.org](http://de360.d-e.org).

Total trip costs \$3,800. Deposit of \$1,000 is required by November 1<sup>st</sup>.

Cost does *not* include trip cancellation insurance.
