

UPPER SCHOOL TRIP TO ITALY SUMMER 2019

July 8, 2019 - July 22, 2019

ITALY

Italy of the Classical Era and Renaissance

Come explore the marvels of Classical and Renaissance Italy this summer! Walk in the footsteps of the Ancient Romans through such wonders as the Colosseum, the Roman Forum, Pompeii, and Paestum as you learn their history from expert guides. Behold the magnificent works of Michelangelo, DaVinci, Caravaggio, and Bernini, and delight in the unparalleled beauty of Rome and the Bay of Naples. Other than Ancient Greece, no other location has been a greater contributor to Western Culture than Italy. The intellectual and artistic antecedents of much of contemporary American society derive from Italy, therefore, a trip in exploration of these antecedents will serve to contextualize students' world.

- Through a hands-on experience of three millennia of cultural and artistic products, students will gain a much deeper and more nuanced understanding of the society and culture in which they currently inhabit.
- The theater, art, architecture, public spaces, language, and even food, which students enjoy in their everyday lives will be much better understood having immersed themselves in the traditions whence they come.
- Students will earn minor credits in language.
